

The background of the cover features a close-up, artistic photograph of several aluminum profiles. A large, cylindrical profile is the central focus, with its circular end facing the viewer. To its right, a rectangular profile is visible, showing its extruded shape. The lighting creates strong highlights and shadows, emphasizing the metallic texture and industrial nature of the products.

Perfiles de aluminio

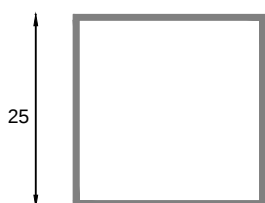

DISTRIBUIDORA DE VIDRIOS MARCELO S.R.L. es una empresa peruana con 25 años de trayectoria en la venta de vidrios, aluminios y accesorios para los servicios de instalación de ventanas, carpintería de aluminio y cristales de seguridad.

DVM reconoce que su base está cimentada en los valores de perseverancia, humildad, honestidad, confianza y empatía para permitir el confort del cliente, porque la satisfacción del cliente es también nuestra satisfacción.

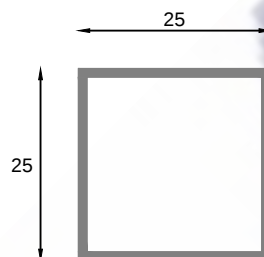

El beneficio que ofrecemos es la confianza de brindar un producto satisfactorio a las necesidades de nuestros clientes y proponer mejoras en la funcionalidad del servicio. Es por eso que se presenta en este catálogo, edición 2019, la gama de productos de aluminios importados y distribuidos en el Perú.
